Objective

To secure a Software Engineering Internship that allows me to contribute to impactful projects, grow as a developer, and deepen my understanding of scalable and innovative software solutions.

Projects | GITHUB

Graphics Design Website
- Developed a responsive website showcasing graphic design services and portfolio using HTML, CSS, and JavaScript.

Java Projects *(ATM Interface, Number Game, Word Counter)*
- Built Java-based console applications using OOP concepts and user input handling.

Animated Portfolio Web Page (Inspired by Cynthia Ugwu)
- Recreated a modern interactive portfolio website with smooth transitions and GSAP-powered animations to mimic the aesthetic of Cynthia Ugwu's portfolio.

My Portfolio
- Developed a personal portfolio site to display skills, projects, and contact information with a clean UI using HTML, CSS, and JavaScript.

Expense Tracker & Weather App
- Built Expense Tracker and Weather App using React.js & Tailwind CSS (with API integration).

Experience

Internship (1 Month) - React and Tailwind CSS at *Mittal Alliance Limited*, where I contributed to front-end web development and UI enhancement projects.

Education

MCA – Artificial Intelligence & Machine Learning *(In Progress)*
K.R. Mangalam University, Gurugram | Aug 2025 – Jul 2027 (Expected)

BCA – Computer Applications
Maharshi Dayanand University, Rohtak | 2022 – 2025 | CGPA: 8.2 / 10

Class XII – Commerce (CBSE)
K.L. Arya DAV Public School, Hisar | 2022 | 75.4%

Skills & abilities

- Programming Languages: C, C++, Java
- Web Development: HTML, CSS, Bootstrap, Tailwind CSS JavaScript, React JS, Firebase, GSAP
- Database: SQL
- Core Skills: Data Structures & Algorithms (DSA), Problem-Solving
- Tools: MS Word, MS Excel, MS PowerPoint
- Soft Skills: Communication, Teamwork

Achievement

- Solved 300+ DSA problems on LeetCode | 5★ in Problem Solving on HackerRank.
- Secured 2nd place in Coding & 1st in Presentation Competition at college.
